- This data only includes calls for service received by 911 and not calls directed to the non-emergency line

- Please be advised that the attached information is not necessarily representative of documented police activities at the address requested. A police incident may be linked to an address that is related to some aspect of the report rather than the actual location of the incident. For example, a theft/loss at a nightclub may be included in a premise history check at the home address of the complainant rather than at the nightclub. The Vancouver Police Department therefore does not warrant the accuracy, reliability, or completeness of the information provided in the requested premise history check.
