Dear [Redacted Name],

Re: Records Access Request

We are replying to your request for information that was received on May 25, 2026. In that request, you sought access to the following VPD records:

*Calls for service from Sep 1, 2024 to present within a one block radius of:
1176 Granville, 435 W Pender, 518 Richards, 1119 Hornby, 215 W. 2nd Avenue, 609 Helmcken,
1060 Howe
and
Calls for service from Jan 1, 2019 to present within a one block radius of: 1101 Seymour*

Upon clarification of your request, you advised that the call load can be measured at the atom level (roughly one square city block).

Your request was forwarded to our Planning, Research and Audit Section who compiled the responsive data below.

Location (including entire atom)	Total Calls Sept. 2024 to May 2026	Monthly Avg.
1119 Hornby	1,972	94
1060 Howe	2,953	141
518 Richards	2,295	109
435 W Pender	1,405	67
215 W 2nd	412	20
609 Helmcken	2,752	131
1176 Granville	2,421	115

Location	Total Calls Jan. 2019 to May 2026	Monthly Avg.
1101 Seymour	10,307	116

It should be noted that 1176 Granville & 1101 Seymour are part of the same block / atom so their data overlaps (1101 Seymour has a longer date range).

Please be advised that the attached information is not necessarily representative of documented police activities at these addresses. A police incident may be linked to an address, and thereby included in a

premise history check, when that address is listed as the primary residence of an involved party. For example, a theft reported at a nightclub may be included in a premise history check at the registered address of the complainant, but not at the address of the nightclub. The Vancouver Police Department therefore does not warrant the accuracy, reliability, or completeness of the information provided in the attached spreadsheets.

If you have any questions, please contact the Information and Privacy Unit at (604) 717-3071 or email foi@vpd.ca.
